

 **PROLINE**
For the world's leading brands

Proline is one of the leading bespoke counter manufacturers in the UK.

Established in 2003 and based in Liverpool at our state of the art factory with 20,000 sq/ft of space.

Our staff are highly qualified in the counter manufacturing industry.

Over the years our client base has grown in the UK and worldwide and includes Microsoft, Apple, Red Bull, Google, Sky, John Lewis and Marks & Spencer to name a few.

Competitively priced in the market place and deliver quality products on time.

We are committed to environmental and sustainable manufacturing.

Using recycled materials where possible to achieve waste negative projects with a variety materials:

Accoya – Ultra high performance sustainable wood, 50 year warranty

Cork – 100% natural, biodegradable, renewable & recyclable

Durat – Recycled and recyclable solid surface material, available in many colours, with RAL options

Dekton – Ultra compact surface, abrasion, scratch, water & stain resistant. Longer lifespan than comparable Quartz products

Smile Plastic – Made from would be waste, chopping boards, cosmetic bottles, yoghurts & more
